Your reason for being here...

Your purpose here at DRPG is to create experiences that will transport audiences well beyond the realms of their own imagination. No two stage sets, exhibition stands, or experiential environments will ever be the same or forgotten!

The way you roll...

You're an ace designer who craves to create sets that are beyond amazing. You'll have a terrific sense of humour (knock, knock) as well as being an effective communicator. You won't be phased by tight deadlines or by working on multiple projects at once. Your excellence in design and interest in current trends shape your work to deliver banging results for our clients.

Briefing other team members comes naturally to you and collaboration is your middle name (bonus points if it actually is).

How you make it all possible...

- Leading in the development of deliverable creative ideas and concepts
- Developing and advising on build solutions with a complete understanding of build materials and budget constraints
- Producing cost estimations for clients
- Producing detailed drawings for production teams and clients
- Designing within the current Health and Safety guidelines
- This list is not exhaustive, and you will be expected to work flexibly and undertake other such duties from time to time

What's in your toolbox...

- Formal design education preferred
- Previous experience designing stage sets, experiential events and exhibitions
- Agency experience in a similar role
- Skill in interpreting technical drawings
- Experience using 3DS Max, Vectorworks, AutoCAD LT and Sketchup
- Proficient in Adobe Creative Suite (Photoshop)

Get to know us...

We're one of the most unexpectedly all-round capable communications agencies that's been on the go for years – ever since our head honcho set up shop in a shed back in 1980, in fact.

Since then, we've made it our mission to make anything possible for our many and varied clients, putting our creative flair into delivering strategic communication campaigns, digital solutions, film and videos, events, exhibitions, and a whole lot more in between. We've grown a lot, but we've kept everything that made us great, back from the very day we first started out. Our global HQ and largest studios are smack bang in the middle of the UK and well worth a visit to see for yourself!

Hang on, there's more...

The role will be based primarily in Hartlebury, but there will be times when you'll need to work from our other offices and undertake other related commercial duties both in the UK and overseas. Flexibility is key!

We're a friendly team. We really, really welcome anyone who wants to become part of a brilliant company. If you're passionate with a cracking drive to deliver on our 'anything's possible' mindset, we'd love to hear from you!
