This list is not exhaustive, and you will be expected to work flexibly and undertake other such duties as the management may, from time to time, reasonably require.

What's in your toolbox...

- A true love of all things 'design'
- Great software skills, Adobe CS Indesign, Photoshop and Illustrator are essential

Get to know us...

We're one of the most unexpectedly all-round capable communications agencies that's been on the go for years – ever since our head honcho set up shop in a shed back in 1980, in fact.

Since then, we've made it our mission to make anything possible for our many and varied clients, putting our creative flair into delivering strategic communication campaigns, digital solutions, film and videos, events, exhibitions, and a whole lot more in between. We've grown a lot, but we've kept everything that made us great, back from the very day we first started out. Our global HQ and largest studios are smack bang in the middle of the UK and well worth a visit to see for yourself!

Hang on, there's more...

The role will be based primarily in our Hartlebury, Covent Garden or Manchester offices but there will be times when you'll need to work from our other offices and undertake other related commercial duties both in the UK and overseas. Flexibility is key!

We're a friendly team. We really, really welcome anyone who wants to become part of a brilliant company. If you're passionate with a cracking drive to deliver on our 'anything's possible' mindset, we'd love to hear from you!
